

Our Food

As farmers we believe that nothing is more important than sustaining the long-term health of our earth and our customers. By growing food in a diverse environment using organic principles and minimal fossil fuels, treating our animals humanely, and selling all our food within our own community, we are working to create a positive impact in our ecosystem. We offer scholarships, payment plans and accept food stamps to ensure that everyone has access to local, organic food.

Vegetables

Full and Half CSA Shares:

20 weeks of fresh vegetables, picked up weekly at the farm from June through October. Vegetable CSA customers can choose their share from everything that the farm is producing and have free access to our pick-your-own gardens too. Prices are sliding scale, \$490-540 full, \$290-\$325 half.

Gardener's Shares:

For those who need more flexibility than the CSA can provide, gardener shareholders can use their Wild Carrot Dollars for produce (veggies only!) at the farmstand whenever they want. Buy \$250 Wild Carrot Dollars for \$235 or \$450 Wild Carrot Dollars for \$420.

Winter Shares:

Enjoy 8 weeks of produce through November and December. Fresh greens from the high tunnel, the summer's bounty preserved in salsas, pickles and pestos, and winter storage crops like squash, potatoes, onions and carrots.

Raw Milk

Cow's Milk Shares:

$\frac{1}{2}$ gallon fresh, raw cow's milk each week starting on a rolling basis.
4 weeks . . . \$20 plus jar deposit
12 weeks . . . \$48 plus jar deposit
24 weeks . . . \$80 plus jar deposit

Meat

Beef (by the half):

\$4/lb by hanging weight with a \$400 deposit per half (250+- lbs per half).

Pork (by the half):

\$5/lb by hanging weight with a \$150 deposit per half (75+- lbs per half).

Chickens (whole):

\$5/lb fresh or frozen, available mid June through December.

Thanksgiving Turkeys (whole):

Heritage or standard breed turkeys fresh for Thanksgiving. Prices \$5/lb standard, \$9.50/lb heritage.

Lamb (whole):

\$12/lb cut weight with a \$75 deposit (25+- lbs per lamb).

Meat Shares:

A mix of beef, pork, chicken, turkey and lamb picked up over three months. Roughly 100 lbs of meat for \$650.

All our meat is organic-fed and pasture-raised, except for pork which is pastured and fed organic grain as well as scraps from local vendors.

Our Farm

Wild Carrot Farm is a small, diversified farm raising over 180 varieties of vegetables, flowers, pastured dairy and beef cows, chicken, turkeys, pigs, goats and lamb. After several years in Brookline, VT our farm has moved to our new home shared with Fair Winds Farm, a horse-powered farm just a mile and a half from downtown Brattleboro. As a Community Supported Agriculture (CSA) farm we work to involve our customers in the farm experience while offering the freshest, most delicious food possible. We look forward to growing your food this year!

-Ashlyn Bristle, Caitlin Burlett, Ben Crockett and Jesse Kayan
